

About Us

Smart Mobility is a Minnesota-owned and operated residential accessibility company specializing in premium, custom mobility solutions for seniors and individuals seeking to age safely and confidently in place.

Our installation team delivers exceptional craftsmanship with a concierge-level approach to every project. With deep expertise in Minnesota homes, climate, and lifestyles, we design and install refined accessibility solutions that seamlessly integrate into your home—carefully tailored to your space, needs, and long-term vision.

Our Mission

At Smart Mobility, our mission is to help individuals move safely and confidently within their homes. We specialize in residential accessibility solutions that support independence, restore confidence, and make everyday living easier—without sacrificing comfort or style.

Whether you're planning ahead or responding to a changing mobility need, our team is here to help you create a safer home environment designed for long-term independence.

SMART MOBILITY

Live Independently. Move Confidently.

Services

Stair Lifts

Safe, smooth, and quiet stair lift systems designed for straight or curved staircases. Indoor and outdoor options are available to accommodate virtually any home layout.

Wheelchair Lifts / Vertical Platform Lifts (VPLs)

Reliable access between levels when ramps aren't practical—ideal for porches, garages, and entryways.

Residential Elevators

Compact, quiet home elevators engineered for long-term independence. A space-saving solution that adds both convenience and value to your home.

Transfer Aids

Thoughtfully designed mobility assist devices that provide stability and support for daily activities, helping reduce the risk of falls.

Bathroom & Accessibility Remodeling

Transform your bathroom into a space that prioritizes safety, comfort, and beautiful design.

- Zero-Entry Showers – Barrier-free access for safer, easier bathing
- Grab Bars & Safety Rails – Strong, stylish support for showers, tubs, and toilets
- ADA-Height Fixtures & Non-Slip Flooring – Comfort-height toilets, accessible sinks, and slip-resistant surfaces
- Full Accessible Bathroom Renovations – Modern, functional bathrooms designed for aging in place—without sacrificing style

Ramps & Entry Solutions (Interior & Exterior)

Our ramp systems combine durability, safety, and clean design to provide seamless access throughout your home.

- Aluminum and modular ramp systems
- Custom designs for entrances, garages, and thresholds
- ADA-compliant configurations
- Weather-safe, Minnesota-tough materials

Why Choose us?

- Minnesota owned & operated
- Licensed, insured, and certified installers
- Premium equipment from trusted manufacturers
- Tailored solutions for your home and lifestyle
- Complimentary in-home or video consultations
- Clear, honest recommendations—no pressure
- Ongoing service, maintenance plans, and warranties

We don't just install equipment—we restore confidence, independence, and peace of mind
